Fuel Assistance

Almost every Waltham resident is paying too much for fuel. In this economy, every dollar counts and it is up to us to do what we can to save our neighbors and ourselves money. It is time that we weatherize our homes and start lowering our fuel costs. But first, what is weatherization?

“Weatherization” is the process of making your home more energy efficient, lowering your fuel costs and your impact on the environment. Depending on your home’s needs, it could mean new insulation, new windows or caulking around the current windows, replacement light bulbs, and other energy saving alterations.

There are **two ways** WATCH can help. Regardless of which option you qualify for, there is no cost to you and you save money on fuel costs! Call Anne at 781.891.6689 x 206 to schedule an appointment to learn what options is best for you! This is an amazing opportunity to save money and improve your home for free!

Option 1: Government Funded Weatherization

Did you know that if you receive fuel assistance you are eligible for free, government funded weatherization in your home? Unfortunately, the current process of receiving the weatherization work can be very confusing. Here at WATCH, we work to simplify that process to make sure you receive the services you qualify for. We can sit down with you to figure out just what you need to do to receive these services and support you along the way. If you think you might be eligible for fuel assistance, call Anne at 781.891.6689 x 206 and together we can look at the income guidelines and figure out whether you should apply.

Option 2: Community Action Weatherization

If you do not currently qualify for fuel assistance, you are still eligible for weatherization work! WATCH has partnered with HEET, a nonprofit that performs energy audits of homes. Together, we are able to figure out what weatherization your home needs and plan an event which we call a barn raising where you and your neighbors, led by experienced volunteers, are able to do the work yourselves! Your community has an opportunity to come together for a fun event that helps you and the environment. What better way to get to know your fellow community members than by sharing a hard day’s work, some good food, and great memories?

If you have any questions about this process, please do not hesitate to contact Anne at 781.891.6689 x 206. Together we can figure out which option is right for you and work to make your home a more energy efficient, environmentally friendly place to live.

Not sure if weatherization is right for your home but you would like to get involved in making Waltham a more energy efficient place to live? **Volunteer at a barn raising!** Contact Anne at 781.891.6689 x 206 to learn when they are happening.

*You can only apply for fuel assistance between November and April.

<p>Community Teamwork, Inc. Serves Waltham Residents www.comteam.org</p>	<p>167 Dutton St. Lowell, MA 01852</p> <p>By appointment with Mary (Intake in Spanish and English)</p> <p>20 Academy Street, 2nd Floor Arlington, MA By Appointment with Rose (Intake in English only)</p>	<p>978-459-0551</p> <p>781-643-2358</p>

Metro Boston Recovery Learning Community

www.MetroBostonRLC.org

Umbrella organization of peer support in the Boston area. We also fund BayCove's PERC (Peer Education Resource Center) and Vinfen's Cambridge/Somerville Recovery Learning Center. They also offer support groups and activities, but have some different hours. PERC helps people go back to work, CSRLC also helps with education.

Warmline

1-877-733-7563

Compassionate listening and information and referral line. We also will check in on people regularly by phone if requested.

Operates 4pm-8pm 6 days a week, every day but Monday.

See www.warmline.org for a director of warmlines, many of which take out of state calls. We have some Spanish speaking operators
